- » No concrete required
- » Removable
- » Minimal environmental impact
- » Low footprint on jobsite

**OUR SPECIALIZED EQUIPMENT ALLOWS
FOR A QUICK INSTALLATION IN MOST
CONDITIONS.**

TECHNO METAL POST HELICAL PILES ARE ENGINEERED AND GUARANTEED!

"Techno Metal Post has revolutionized deck building for me. The ability to set the steel piles and build in the same day greatly increases production.

Add in the fact that I'm saving huge bucks in labour by not having to remove displaced earth, haul concrete, and clean up the mess makes Techno Metal Post the only way to begin a deck project."

PAUL LAFRANCE, HGTV

Our exclusive green polyethylene sleeve protects the piles from soil movement.

Techno Metal Post helical piles are the best foundation available to support your new deck project.

Our posts are designed and engineered to the highest standards and tested to insure they withstand the toughest loads and conditions possible.
